AFRICA ROUNDTABLE

"Portuguese Africa" will be the topic of the meeting at 1015 on 14 March 1962 in Room 4 F 31, Langley Headquarters. The speaker, Professor Duffy of Brandeis University, received his A.B. from North Carolina, A.M. from the University of San Carlos in Guatemala, and Ph.D. from Harvard. His knowledge of Portuguese and Spanish culture is of long standing. In 1955 he received a Ford Foundation Fellowship and, working on a grant from the same organization, in 1959 produced Portuguese Africa (Harvard Press). This work has been received as a major historical contribution to the understanding of Portuguese Africa by many reviewers.

Our seating arrangements are relatively limited; please check with me if you have in mind a particularly appropriate guest for this session.

Visitors can enter the grounds at the present termination of the George Washington Memorial Parkway and should bear left along the fence to the Main Entrance, on the east side of the building.
